\*Book Cost - the total amount paid to purchase a security, including any transaction charges related to the purchase, adjusted for corporate reorganizations. The transaction charge schedule can be found [here](#). The book cost has been calculated to the best of our ability based on the information available to us, unless provided by you or your agent. As such, this information should not be used for the purpose of tax reporting as certain events are dependent on individual circumstances and the book value may not reflect all required adjustments. Please contact us to update the statement records if necessary.

\*Market Price - the price at which a security is trading and could presumably be purchased or sold.
